RiZZ recessed

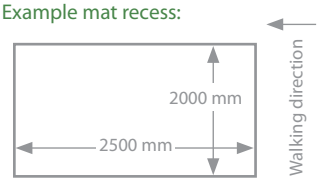
Order form

Gezu Brush Components b.v. rejects any liability for incorrectly completed forms. Only fully completed and signed forms will be accepted. You must complete a unique form for every mat. By signing you state that you agree with this rejection of this liability.

Attention!

- ○ Maximum dimensions per segment are 2000 mm in width and 2500 mm in walking direction. It is possible to place several segments next to each other.
- ○ The height of the mat is 22 mm.
- ○ Are there any irregularities within the area where the mat will lie? (base, recesses etc.)
- ○ The angles of your mat recess must exactly be 90°. Measure this again!
- ○ Different forms are possible. Please contact the sales department for this.
- ○ With the dimensions of the mat recess stated by you we will make a mat that fits your situation.

Example mat recess:



Describe your mat recess here and fill in the inside sizes.
Also clearly state the walking direction through an arrow in the description
